REVIEW AND RESULTS OF OPERATIONS

A summary of consolidated revenues and results for the half-year is set out below:

	Half year ended 31 December 2014	
	Revenues	Loss
	\$	\$
Consolidated entity revenues and loss from ordinary activities before income tax benefit.	--	(313,619)

The principal activity of the Company during the six months ended 31 December 2014 was the exploration and evaluation of mineral tenements in Tasmania.

On 26 August 2014, TNT Mines Limited completed the drilling of a 145 m deep diamond drill hole on its Oonah EL 63/2004 exploration licence near Zeehan in north-western Tasmania in conjunction with its joint-venture partner Clancy Exploration Ltd. Preliminary non-definitive scanning of the core by XRF instrument has indicated only weak levels of mineralisation. The more mineralised intervals will be sampled, independently assayed and reported on in due course.

During the half year applications were made for extension of terms for EL 27/2004 at Rossarden-Royal George-Aberfoyle (granted on 21 January, 2015 to 26 November, 2015) , EL 63/2004 at Oonah (and granted for 6 months to 7 February, 2015) and for RL10/1988 at Moina (granted to August 2015). RL1/2009 at Lottah (the Anchor tenement) was relinquished and \$204,467 of capitalised exploration has been impaired as a result.

At 31 December 2014, the company had 109,541,285 shares on issue and there are no options outstanding at the date of this report.

AUDITORS' INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of directors.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2014

NOTE 1: BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT

These general purpose financial statements for the interim half-year reporting period ended 31 December 2014 have been prepared in accordance with requirements of the Corporations Act 2001 and Australian Accounting Standards including AASB 134: Interim Financial Reporting. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of TNT Mines Limited and its controlled entities (the "Group"). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the company. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the company for the year ended 30 June 2014.

The interim financial statements have been prepared in accordance with the accounting policies adopted in the Group's last annual financial statements for the year ended 30 June 2014.

New Accounting Standards and Interpretation

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current half-year.

New and revised Standards and amendments thereof and Interpretations effective for the current half-year that are relevant to the Group include:

- AASB 1031 'Materiality' (2013)
- AASB 2012-3 'Amendments to Australian Accounting Standards – Offsetting Financial Assets and Financial Liabilities'
- AASB 2013-3 'Amendments to AASB 136 – Recoverable Amount Disclosures for Non Financial Assets'
- AASB 2013-4 'Amendments to Australian Accounting Standards – Novation of Derivatives and Continuation of Hedge Accounting'
- AASB 2013-5 'Amendments to Australian Accounting Standards – Investment Entities'
- AASB 2013-9 'Amendments to Australian Accounting Standards' – Part B: 'Materiality'
- AASB 2014-1 'Amendments to Australian Accounting Standards'
 - Part A: 'Annual Improvements 2010-2012 and 2011-2013 Cycles'
 - Part B: 'Defined Benefit Plans: Employee Contributions (Amendments to AASB 119)'
 - Part C: 'Materiality'
- Interpretation 21 'Levies'

The adoption of the above standards have not had a material impact on this half year financial report.

Going Concern

The accounts have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. The Group has a net deficit of current assets to current liabilities of \$106,306 as at 31 December 2014 (30 June 2014: \$101,771) and recorded an operating loss after income tax of \$303,647 (31 December 2013: \$222,605) for the half year then ended.

The continuing viability of the Group and its ability to continue on a going concern basis and meet its debts and commitments as they fall due is dependent upon Niuminco Group Limited accruing its monthly management fee if there is insufficient cash held by the Group for it to be drawn, and securing additional funding from Niuminco Group Limited. These conditions indicate a material uncertainty that may cast significant doubt about the ability of the Group to continue as a going concern.

TNT MINES LIMITED

31 DECEMBER 2014

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2014 (continued)

Going Concern (cont'd)

The Directors believe it is appropriate to prepare these accounts on a going concern basis because:

- The major shareholder, Numinco Group Limited has resolved that they will not call for repayment of the loan of \$346,936 which is payable to them as at 31 December 2014 for the next twelve months from the date of this half year financial report.
- Numinco Group Limited intends to provide additional funding if required.
- The directors have prepared a cash flow forecast, which indicates that the Group will have sufficient cash flows to meet all commitments and working capital requirements for the 12 month period from the date of signing this half year financial report.
- Based on the cash flow forecasts and other factors referred to above, the directors are satisfied that the going concern basis of preparation is appropriate.

In the event the above matters are not achieved, the Group will be required to raise funds for working capital from equity sources or from the sale of part or some of its exploration assets.

Should the Group be unable to continue as a going concern which is not contemplated in the forecast prepared by the directors, it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Group be unable to continue as a going concern and meet its debts as and when they fall due.

NOTE 2: SEGMENT INFORMATION

(a) Industry and geographical segment

The Group has identified one reportable segment based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

The board reviews financial information on the same basis as presented in the financial statements and has therefore determined the operating segment on this basis.

NOTE 3: LOAN FROM NIUMINCO GROUP LIMITED

At the date of this report, Niuminco has advanced \$346,936 comprising cash and accrued management fees to the Group. Niuminco has agreed not to demand repayment of this loan within the next 12 months, and is not charging any interest on the outstanding monies.

NOTE 4: CONTINGENT LIABILITIES AND CONTINGENT ASSETS

There has been no change in contingent liabilities or contingent assets since the last annual reporting date.

NOTE 5: FINANCIAL INSTRUMENTS

The Group's financial instruments consist of trade and other receivable and trade and other payables. These financial instruments are measured at amortised cost, less any provision for non-recovery. The carrying amount of the financial assets and liabilities approximate their fair value.

NOTE 6: IMPAIRMENT OF EXPLORATION

Exploration expenditure written off relates to capitalised expenditure on RL2/2009 at Anchor in Tasmania which was relinquished during the half year.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED

NOTE 7: SUBSEQUENT EVENTS

On 21 January, 2015 an extension of term of Exploration Licence EL27/2004 at Rossarden-Royal George was granted with an expiration date of 26 November, 2015.

Other than stated above no matter or circumstance has arisen since 31 December 2014, which has significantly affected, or may significantly affect the operations of the group, the result of those operations, or the state of affairs of the group in subsequent financial years.

Independent Auditor's Review Report

To the Members of TNT Mines Limited

We have reviewed the accompanying half-year financial report of TNT Mines Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2014, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration of the Consolidated Entity, comprising the Company and the entities it controlled during the half-year.

Directors Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2014 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the Consolidated Entity, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independent Auditor's Review Report

To the Members of TNT Mines Limited (Continued)

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of TNT Mines Limited and Controlled Entities is not in accordance with the Corporations Act 2001 including:

- a. Giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2014 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: Interim Financial Reporting and Corporations Regulations 2001.

Emphasis of Matter

Without qualifying our conclusion, we draw attention to Note 1 in the financial report which indicates that the Consolidated Entity incurred a net loss of \$303,647 during the period ended 31 December 2014. This condition, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty which may cast significant doubt about the ability of the Consolidated Entity to continue as a going concern and whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.
